1 A. Yeah.

2 Q. -- are you able to quantify the
3 likelihood of any of those events happening?

4 A. No.

5 Q. Doctor, on the -- at the bottom of
6 page 20 you say that the struts in the lung
7 will require lifelong follow-up with CT imaging
8 to document their stability?

9 A. Yes.

10 Q. Can you tell me what you mean by
11 that?

12 A. I think she probably will need a
13 CT either every year or every other year to
14 just make sure that she's not developing an
15 issue related to the fragments.

16 Q. Does the CT imaging that you would
17 recommend, would it be enhanced with contrast
18 or not?

19 A. You can do it noncontrast and be
20 fine. You're really just documenting the
21 position. If there was a change in position,
22 then I might get further imaging.

23 Q. And am I correct that you would
24 not recommend any intervention surgically in
25 regard to any of the struts in her lungs at
